

PUBLIC NOTICE OF PROPOSED PERMIT DECISION

SOUTH CAROLINA DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL

The South Carolina Department of Health and Environmental Control (DHEC) invites your participation in a proposed permit decision. DHEC is proposing modification to the permit for regulation of hazardous waste activities at the Naval Weapons Station - Charleston located at 2316 Red Bank Road, Goose Creek, SC 29445, having the facility identification number SC8 170 022 620. As part of this proposal, DHEC has prepared a draft permit modification under the South Carolina Hazardous Waste Management Regulations and the Resource Conservation and Recovery Act (RCRA), as amended by the Hazardous and Solid Waste Amendments (HSWA).

The draft permit modification recommends the revision of the Post Closure Plan for Solid Waste Management Unit (SWMU) 10 – Building 930 – Former OTTO Fuel Sump. The revised Post Closure Plan allows for the demolition of Building 930, removal of contaminated soils, placement of an engineered cap and modification of the groundwater monitoring network.

Copies of the modified portions of the permit, the revised Post-Closure Plan, and other data submitted by the applicant are available for review during regular business hours, 8:30 a.m. to 5:00 p.m., Monday through Friday, except legal holidays at the following locations:

The South Carolina Department of Health and Environmental Control
Bureau of Land and Waste Management
Stern Business Center
8911 Farrow Road
Columbia, South Carolina 29203
Phone: (803) 896-4000

Charleston – Region 7 Environmental Quality Control Office
1362 McMillan Ave., Suite 300
Charleston, South Carolina 29405
Phone: 843-953-0150

Any comments on the modified permit and revised Post Closure Plan and/or a request for a public meeting should be sent to:

Richard Haynes, P.E., Director
Division of Waste Management
Bureau of Land and Waste Management
2600 Bull Street
Columbia, South Carolina 29201

To be considered, all requests and/or comments must be received in writing no later than June 16, 2008, at which time the forty-five (45) day public comment period will end.
